

GLOBAL PAY NOW

SPEED, CONVENIENCE AND EXCELLENT CUSTOMER SERVICE

Arm your serving staff with portable terminals, linked to your till, that can print a bill on demand, split it if needed, take payment and provide a receipt. All without the waiter leaving the table!

Global PAY Now is our award winning* card processing solution, specially developed for the hospitality industry

A considerable amount of time is wasted between when the customer asks for the bill, and they actually get to pay it. That's a lot of unnecessary walking back and forth, a fair chance of mistakes and a potential security nightmare. Even worse is having your customer standing around the till, shifting from foot to foot, and waiting for a server to spot them and come over. Surely we can do better?

Global PAY Now works by connecting your portable card terminals to your till, so that what appears on your till also appears on your terminal when requested. Nothing gets missed, there's no need to re-key anything, and your serving staff aren't wearing out the carpet walking back and forth from table to till.

Benefits At A Glance

- Pay at table solution
- Links seamlessly to your existing till systems
- Excellent service for your customers
- More time for your serving staff
- Faster turning of tables, resulting in more covers per shift
- Accept all types of cards including China's UnionPay, American Express and Discover's Diners Club International.
- No manual transaction entry required on the terminal and at a push of a button the terminal automatically generates the bill and this is shared with the customer. Once the bill is paid on the terminal, the table is closed on the till!
- Helps eliminate errors and one end of day reduces reconciliation time
- Customer service support desk to assist you with all your questions and help you on your way

PROTECTED, COMPLIANT AND UP TO DATE

With Global PAY Now all transactional data (card, expiry date etc.) is kept away from the till or any back office system, and it is also encrypted when passed between the terminal and our host system.

*Winner Best Industry Innovation at the Cards and Payments Awards 2014.

Give us a call on **0800 731 8921***, contact your sales manager or go to our website **www.globalpaymentsinc.co.uk**

*Lines are open Monday to Friday, 9am - 6pm, excluding public holidays. Calls may be recorded. We also provide a Textphone service on 0345 602 4818.

GLOBAL PAY NOW

This reduces the scope for your Payment Card Industry Data Security Standards (PCI DSS) compliance and can improve the security of all of your transactions.

We aim to support our customers along the way in achieving and maintaining PCI DSS compliance when you link a terminal to your ePOS till system.

Benefits At A Glance

- Our terminals automatically update themselves whenever new software and firmware versions become available, so you can have peace of mind that your terminal will be updated to the latest and fully compliant software
- No card data is shared by the terminal with your ePOS till system
- Possible cost reductions by eliminating fines incurred from non-compliant card payments
- Latest generation payment terminals, using both broadband and analogue telephone lines

VALUE ADDED SERVICES

A solution that grows with your business, Global PAY Now fully supports integration with additional solutions developed to benefit your business and grow your customer base.

- HomeCurrencyPay: Increase revenue by offering international card holders the choice to pay in their home currency
- Pennies: A digital charity box that gives customers the choice to give back
- TruRating: Near real time customer feedback
- Contactless Wallet Payments: Accept the latest generation payments
- Customised logo's on screen and receipts: Promotion of your brand is key
- Auto end of day: Choose the right time to bank for you
- Support all payment types: Sale, Pre Auth, Purchase with Cashback
