

The reconciliation you need.
The student service you demand.

In today's uncertain economy, many of your students and families need a convenient, low-cost alternative to writing one big check for tuition and fees each year.

Heartland ECSI's TuitionSelectSM Solution lets you offer families greater tuition payment and financial flexibility, allowing you to enroll and retain more high-quality students without sacrificing tuition dollars.

Unlike other payment plans, TuitionSelectSM improves your cash flow management with weekly or daily cash transfers. TuitionSelectSM also offers complete and effortless reconciliation between the plan and your Student Information System. Heartland ECSI's simple, intuitive management tools let you and your staff view program data anytime to get a clear, current view of any student's financial status. Your friendly, highly trained Heartland ECSI Customer Care Representative is available anytime to answer questions or make adjustments to your payment plan.

The best part is students and families get an interest-free payment plan that can make college costs easier to manage. Creating a TuitionSelectSM account is simple too, with an intuitive university-branded self-service website that allows students to enroll in a payment plan, calculate their budget, set up automatic payments, and make budget adjustments, all online. One-on-one assistance is available by phone, email, or live chat.

With Heartland ECSI's TuitionSelectSM Solution, you get improved cash flow, streamlined payment plan management, happy students and parents, and the assurance that every account will be paid in full.

"Heartland ECSI has been wonderful for us, but they have been even better for our students. I could not recommend them highly enough. Our school has saved a lot of budget dollars, and received much more in service since we made the switch. We could not be happier."

- Donna Martel
Southern New Hampshire University

At-a-Glance Payment Plan Dashboard

Get up-to-the-minute data on new, terminated, and delinquent plans, missed payments, and budget adjustments every time you log in.

Daily/Weekly Cash Transfer

Access to tuition dollars with weekly or even daily cash transfers - up to 3 weeks faster than many other payment plan providers.

Customized Website

TuitionSelectSM also includes a customized, university-branded website where students and parents can easily calculate their payment plan budget, manage account details, make budget adjustments, and set up automatic payments.

Superior Service to Students and Parents

Our highly trained, efficient, and courteous customer care team is available to answer questions from students and parents by phone, email, or live chat.

The Right Choice for You and Your Students

- Complete Reconciliation between our systems and your SIS
- Reduced demands on your staff
- Easier billing and cashflow management
- Customized payment plans tailored to your school's needs
- Flexibility to make monthly tuition payments instead of paying all at once
- User-friendly online account management
- Convenient electronic payment options
- Highest quality customer service
